Remarks

In the Office Communication dated March 13, 2002, the Examiner indicated that the Preliminary Amendment filed on January 4, 2001 did not comply with 37 C.F.R. § 1.121(c). The above-identified application is a continuation application of U.S. application Serial No. 08/973,570, filed December 5, 1997, which is a national stage filing of PCT/US96/10211, filed June 7, 1996. Thus, the specification accorded Serial No. 08/973,570 is the same specification as that for PCT/US96/10211, which included claims 1-121. However, in the Preliminary Amendment filed on January 4, 2001 for the present application, Applicant requested entry of amended sheets corresponding to pages 110-134 of PCT/US96/10211, which included claims 22-152 of the amended claim set filed in PCT/US96/10211. A copy of the amended sheets was included with the Preliminary Amendment. That Preliminary Amendment also cancelled claims 1-62, 64, 66, 90-

94, and 117, and added claims 153-157. Hence, after entry of the Preliminary Amendment, the pending claims were claims 63, 65, 67-89, 95-116, and 118-157.

To clarify which claims are pending, this Supplemental Preliminary Amendment cancels claims 63, 65, 67-89, 95-116, and 118-157, and adds claims 158-232. Claims 158-232 are now pending.

The Examiner is invited to contact the below-signed attorney to discuss any questions which may remain with respect to the present application.

Respectfully submitted,

DAVID J. GRAINGER ET AL.,
